MEMORANDUM FOR: [REDACTED]

SUBJECT : Attached List of ORE Publications

1. I am returning to you herewith the list of ORE publications which you forwarded to us for recommendation in connection with vital materials storage.

2. We do not feel that any of the items listed on page 1, which are ORE operating procedure orders and notices, have any vital materials value. They may have some historical significance, and probably should be returned for storage with agency historical records.

3. The items listed on the following pages are official ORE publications. These, we feel, have vital materials value, and should be retained in the vital materials repository with the O/NE materials now on deposit. I might add that ORE publications are listed as requirements of O/NE on the list which has just been forwarded to the CIA Vital Materials Officer.
